## **PROFICIENCYTESTING@FORENSICFOUNDATIONS PATHOLOGY AND DNA INTERPRETATION**

### **Report 2019-5.2**

#### Introduction

The aim of the program is to assess the laboratory's ability to correctly interpret DNA profiles and 'match' the correct blood samples.

#### Scenario

NA

#### Test production

See Manufacturer's Information.

#### Results

See Pathology Reports Numbered 281253768/ 281360775/ 281363069/ 281364774/  
281366054

Samples 1 & 3 and samples 2 & 5 where correctly identified by the laboratory as matching, sample 4 was correctly identified as not matching.
